

DANCED

In the New Factory Building.

Goodyear Employees Made Merry.

Knowledge of Consolidation Denied.

The new factory of the Goodyear Tire & Rubber Co. is complete. The end of the work of building was celebrated by a dance Friday night, in which the members of the office force and the employees of the factory turned in and held an informal housewarming at the new building. More than 100 couples gathered and enjoyed dancing in the great rooms of the factory, which will shortly be filled with machinery and rubber goods in various stages of their preparation.

It is the aim of the Goodyear Co. to move into the new plant as soon as possible and all the energies of officials and men will be directed to making the change as expeditiously as possible, with the hope that they may become established before the coming of rough weather.

Following the interview with Col. Geo. T. Perkins, president of the B. F. Goodrich Co., who said that no combination proposition had been made to that company, a reporter also talked with Treasurer A. H. Noah of the Diamond Co.; General Manager F. A. Seiberling of the Goodyear Co.; President I. C. Alden of the Alden Co., and Manager Chas. E. Sheldon of the Whitman & Barnes Co., regarding the talk of movement toward a consolidation. Messrs. Noah and Seiberling said no such propositions had been received by their companies. Messrs. Alden and Sheldon said they had nothing to say.

The rubber market has been quiet for two weeks. There has been practically no change in prices and business has been very good here and in the east.

"Qui n'a santé n'a rien," a French proverb. So long as men will outlive the laws of health, so long they will need medicine to counteract the results of vice and ignorance. The old monks, whose aim it was to save men, soul and body, did a humane thing when they ransacked the vegetable kingdom for a blood purifier. They began at the fountain head to prevent disease, rather than to cure. "St. Bernard Vegetable Pills" have immortalized them in the hearts of suffering humanity.

LOCATION

Of the New China Ware Company.

May be the Kirkham Art Tile Co.'s Plant.

(Special Correspondence.)

Barberton, Oct. 26.—The success that has rewarded the operations of the men who have tried to establish a china ware industry in Barberton, has created much comment, and Barberton is congratulating herself that another new industry will be located there.

Mr. Barker will return to Barberton next week and his friends and those interested in the new project announce that he will devote considerable attention to the completion of the project.

The sale of the ruined factory of the Kirkham Art Tile Co. and the establishment of the new china ware industry is connected by many and predictions are made that the purchasers will be these identical gentlemen.

Finishing Touches Added to Diamond Brick Plant.

(Special Correspondence.)

Barberton, Oct. 26.—The work of building the Diamond Brick Co.'s plant is nearly complete and the company will be making brick within a few weeks. The clay is close at hand and is said to be of excellent quality so that it is expected that the same may be said of the finished product. The new industry will employ at least 50 men and will be a notable addition to the list of industries that are claimed for the Magic City.

GREAT MERIT AND VARIETY IN SHOWS.

Some of the Good Things That Are Coming to the Grand.

Tonight Akron people will have a chance to see "The House That Jack Built," the newest and brightest of the Broadhurst comedies. Today is the first appearance of the show before an Akron audience and the success that its appearance everywhere has met, marks it as a good one.

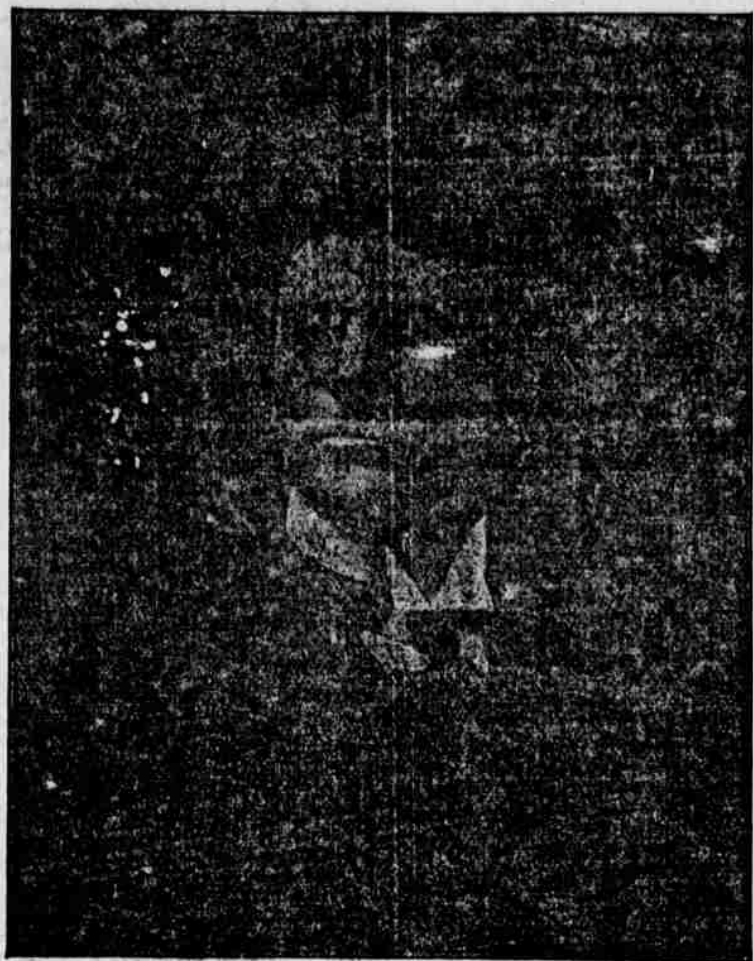

Bright, clean, catchy and splendidly staged, the "House That Jack Built" will doubtless have a successful appearance here.

The good things theatrical are com-

"The Village Postmaster" is full of human nature and heart interest, with a pretty love story running through it. A complete and most famous production of this now famous play will be given here. Car loads of scenery and properties are carried for it and the company seen here will include many of the original cast.

The show will be here Monday night, Oct. 11.

On Saturday afternoon and night, Nov. 2, John A. Ryan's Pan-American Vaudeville Company will hold the boards at the Grand. The company

actor." "Faust" will be at the Grand Opera House Wednesday night, Oct. 30.

There will be a production of "Monte Cristo" at the Grand Opera House Friday night, Nov. 1. The show will be put on at popular prices. Productions of this famous piece at these prices are rare. The show is said to be new and the company an excellent one. Police protection became necessary for the night festivals owing to the tremendous crushes. The Band will come here March 4.

Win. A. Brady is out of athletic affairs forever, and will devote himself wholly hereafter to his varied dramatic productions. He is likely to have theatres of his own in New York, Boston, Philadelphia and Chicago at no distant day. "Lover's Lane," under his direction, has had an phenomenally successful run at Chicago. The production will be seen in Akron later on.

No play well done is more welcomed than Faust, the old study, the church scene, where Faust and Marguerite meet, the Nuremberg Square, where the dual is fought, the famous broken scene, and at last the triumph of love and trust, ends one of the sublimest creations of the human mind. Mr. Griffith who plays the Devil considered by all to be "The Greatest Living Mephisto" will show these great and varied scenes. Mr. Griffith is happy in having a charming Marguerite in Miss Kathryn Purnell and a splendid supporting company. The organization carries a splendid array of electrical effects unequalled in the presentation of this great and popular play.

None should miss it. Mr. Griffith is the greatest Devil and his production is the best.

GROUND BROKEN FOR FACTORY.

Ohio Steel and Iron Specialty Co. Getting Ready.

(Special Correspondence.)

Cuyahoga Falls, Oct. 26.—The Ohio Steel & Wire Specialty Co., which was recently organized largely by local capitalists, for the manufacture of hollow staybolts, solid staybolts, angle irons, "T" irons, etc., has broken ground for a factory just north of town and will proceed to build at once. The new industry will employ several dozen men and will be an important addition to the manufactures of Cuyahoga Falls.

The new factory, it is said by those acquainted with the steel industry, will not come into competition with any of the companies who are already doing business in Cuyahoga Falls.

A Knight Templar Praises Peruna

And Says: "I am Better Than I Have Been for Twenty Years."

Colonel T. P. Moody, a prominent Knight Templar, is well known in every city in the United States west of Buffalo, N. Y., as a Jeweler's Auctioneer. In the city of Chicago as a prominent lodge man, being a member of the K. T.'s and also of the Masons. The out shows Colonel Moody in the costume of the Oriental Consistory Masons, 32nd degree. In a recent letter from 1590 Michigan avenue, Chicago, Ill., Mr. Moody says the following:

"For over twenty-five years I suffered from catarrh, and for over ten years I suffered from catarrh of the stomach terribly."

"I have taken all kinds of medicines and have been treated by all kinds of doctors, as thousands of my acquaintances are aware in different parts of the United States, where I have traveled, but my relief was only temporary, until a little over a year ago I started to take Peruna, and at the present time I am better than I have been for twenty years."

"The soreness has left my stomach entirely and I am free from indigestion and dyspepsia and will say to all who are troubled with catarrh or stomach trouble of any kind, don't put it off and suffer, but begin to take Peruna right away, and keep it up until you are cured, as you surely will be if you persevere."

"My wife, as many in the southwest can say, was troubled with a bad cough and bronchial trouble, and doctors all over the country gave her up to die, as they could do nothing more for her. She began taking Peruna with theresult that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly,

T. P. Moody.

Catarrh assumes many forms and attacks many organs. Colonel Moody had catarrh of the stomach, while his wife had catarrh of the lungs. Both were cured by Peruna, simply because catarrh is catarrh, wherever located. It may attack one organ or another. It may be chronic or acute. It may cause one a slight inconvenience or great suffering. Diseases that catarrh sets up are called

by various names but they are all in reality catarrh. Peruna cures catarrh wherever located. Address The Peruna Medicine Co., Columbus, O., for a free book on catarrh.
